

/home/feniks/my_ws
/6sem/WDS/SpacInvaders
/SpacInvaders/inc/Health.h

```
graph TD; A["/home/feniks/my_ws  
/6sem/WDS/SpacInvaders  
/SpacInvaders/inc/Health.h"] --> B["QGraphicsRectItem"]; A --> C["QObject"];
```

The diagram illustrates the file structure and dependencies for a project. A central box at the top contains the file paths: /home/feniks/my_ws, /6sem/WDS/SpacInvaders, and /SpacInvaders/inc/Health.h. Two blue arrows point from this box to two separate boxes below it. The left box is labeled QGraphicsRectItem and the right box is labeled QObject.

QGraphicsRectItem

QObject
